

Team Sponsorship · 2026–27

Ball603 is a visual news organization. We cover New Hampshire high school basketball, baseball and girls volleyball the way it ought to be covered — **through photographs and video**, at 90 schools, from Colebrook to Portsmouth.

The state's newspapers have cut high school sports to almost nothing, and for most schools here **nobody is making these pictures anymore**. We are — every week, on the baseline. **Sponsoring a team puts your name beside that work**, all season, where this community already goes to look for it.

TWO WAYS TO PUT YOUR NAME BEHIND A PROGRAM

Team Sponsor

\$400 · one team, one season year

- Photo coverage of at least one game, shot by us
- Your logo on that team's page for the full year
- Your logo in every story featuring that team, all year
- An announcement post to Facebook, Instagram and X

School Sponsor

\$1,000 · the whole school, one season year

- Everything in Team Sponsor — for **every team at the school**
- Basketball, baseball and girls volleyball, boys and girls
- Your logo on every one of that school's team pages
- Your logo in every story about that school, all year
- The only business on that school's pages, all year

One sponsor per school, per sport. When your school's slot is taken, it's taken for the year.

ONE THING SPONSORSHIP DOES NOT BUY

We don't sell coverage. Sponsoring a team doesn't buy it a story, a better headline, or a kinder score — we cover every school the same either way, and we always will. That independence is the whole reason the work is worth putting your name on.
